I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: *I am very concerned about this!! This would really compromise my quality of life. I am unable to take the other hormone medications, therefore you would be taking away a much needed medical therapy replacement. Please NOTE I am opposed!! I need the help. It's taken several years for my physician to find a replacement that I tolerate. Don't take it away.*
